

Table 1 Water quality parameters monitored and method of determination

Water Quality Parameter	Method of Determination
Temperature	Thermometer method (Lind, 1979; Boyd, 1990)
Ph	Colourimetric method (Lind, 1979)
Dissolved Oxygen	Nessler's Colourimetric method (APHA, 1985)
Nitrate	Nessler's Colourimetric method (APHA, 1985)
Nitrite	Nessler's Colourimetric method (APHA, 1985)
Ammonia	Nessler's Colourimetric method (APHA, 1985)
